92%

SKILLS

- ❖ Programming Languages: Java, JavaScript, Python, C
- ❖ Object-Oriented Programming (OOP), Data Structures and Algorithms
- ❖ Web Technologies: HTML, CSS, JavaScript, JSON, ReactJS, Google Firebase Bootstrap
- ❖ Tools: Git, VS Code

PROJECTS

Streaming Platform (<https://netflix-c2e59.web.app/>)

- ❖ Built a frontend clone of Netflix. Data like the description and posters of the movies and the TV shows have been fetched using Axios through an API from a third-party website.
- ❖ Used routing to enable switching between pages fast.
- ❖ **Skills:** HTML, CSS, JavaScript, ReactJS, Firebase (Hosting).

Keeper (<https://keeper-33da7.web.app/>)

- ❖ Built a note taking app similar to google keep made using ReactJS
- ❖ Has features to add and delete notes with title and description.
- ❖ **Skills:** HTML, CSS, JavaScript, ReactJS, Firebase

Blogging Website

- ❖ A static web page that is completely responsive made completely with HTML and CSS only.
- ❖ Used media queries and flex box to make the website responsive for different screen resolutions.
- ❖ **Skills:** HTML, CSS

EXPERIENCE

Front End Developer, ChitMonks (Intern), Jun 2023-July 2023

- ❖ Working on a website for their new product -ChainMonks. Worked on the front end of the website using mainly React JS, CSS, Bootstrap and JavaScript. I have learnt how to work on a huge code base along with a team during this internship.

HOBBIES

- ❖ Cricket-Represented my school in multiple cricket tournaments.
- ❖ Playing badminton, tennis, table tennis.
- ❖ Reading books.
- ❖ Yoga
